**88 m2**

This is a very attractive modern apartment located in an elevated spot above the beaches of Elviria and East Marbella. Located in the high end enclave of La Mairena an area occupied by luxury villas and exclusive complexes with luxury apartments with two international schools in the area nearby, the Hoffmann tennis school and good restaurants. The owners in this complex have the usage of the El Soto gym, tennis courts, mini spa and the 9 hole golf course located two minutes away. The apartment itself is modern with features such as sound proofing, insulation and energy saving features not found at this level in older properties. We strongly recommend a viewing.
