Casita The one-bedroom casita has a kitchen, bathroom, living and dining terrace and is separate to the main house. Outdoor Features The grounds are a joy to explore, with established planting providing a variety of trees and provides endless possibilities to grow your own vegetables, plant fruit or olive trees or use the land for a small holding supporting animals, such as cats and dogs, chickens and goats for example. A large workshop, woodstore, greenhouse and numerous storage containers and sheds provide for endless possibilities and will support the outdoor, country way of life. Additional Benefits The finca is fully fenced and gated, has connection to the local water system, electricity is main’s fed and sewerage is by way of septic tank. The living areas have AC units, and the property has roof space for solar panels, and you could, with some thought, live off grid.
