Set within the prestigious beachfront enclave of Las Dunas Park, on Estepona’s coveted New Golden Mile, this generously proportioned apartment presents a rare opportunity to acquire a home in one of the Costa del Sol’s most exclusive coastal communities. Offering 174 m² of built area and an impressive 102 m² of terraces, the property currently comprises two bedrooms and two bathrooms. Its interiors are distinguished by carefully selected materials and bespoke elements, creating a home with a distinctive identity and an understated sense of luxury. The living room features a unique, individually designed interior concept, custom-created and manufactured by an exclusive specialist workshop in Bavaria, bringing a distinctive European design sensibility to the space. The kitchen is equally impressive: an exclusive German kitchen by Neuhaus, complemented by prestigious Gaggenau appliances, combining precision engineering, sophisticated design and outstanding functionality. Both bathrooms are finished in exquisite, highly prized onyx, a natural stone celebrated for its distinctive veining, luminous character and timeless elegance, lending the interiors an exceptional sense of refinement. The apartment’s generous proportions also offer considerable scope for reconfiguration, with the potential to create a third bedroom. This is a particularly appealing opportunity for buyers seeking additional accommodation or greater flexibility. Other owners within Las Dunas Park have already undertaken similar conversions, demonstrating the potential for a three-bedroom layout. Renowned for its privileged beachfront position, beautifully maintained grounds and discreet atmosphere, Las Dunas Park offers an exceptional standard of Mediterranean living. Residents benefit from an array of services and facilities, including: Gated residential community with 24-hour security. Concierge service. Direct access to the beach and Mediterranean coastline.
