Beautifully renovated three-bedroom apartment for sale in Coto Real 1, on the Golden Mile, offering two bathrooms, including one en-suite, generous outdoor terraces and panoramic views of the Mediterranean Sea and La Concha mountain. Blending Mediterranean charm with a contemporary twist, the apartment showcases elegant interiors with premium finishes throughout. The carefully selected colour palette and distinctive wallpapers have been thoughtfully chosen to evoke the timeless elegance and relaxed sophistication of Marbella Club style. The property features a bespoke kitchen with a high-end countertop and a Lacanche oven, underfloor heating in the bathrooms, and beautifully curated furnishings that complement the overall aesthetic. Set within a secure gated community with 24-hour security, beautifully landscaped gardens, swimming pools and a gym. Ideally located just a short drive from the beaches and renowned restaurants of Marbella’s Golden Mile, it offers an exceptional combination of Mediterranean character, understated luxury and convenience. The renovation has transformed the apartment into a bright, welcoming home where interior design meets everyday comfort. Soft neutral tones, natural textures and elegant finishes create a Mediterranean character, while generous windows bring natural light into the living spaces. Every element has been selected to create a cohesive interior that feels sophisticated yet comfortable, making the property equally suited to permanent living or use as a second residence. Upon entering, a welcoming hallway with a dedicated storage room leads into the open-plan living and dining area. This inviting space has been designed around a seamless connection between the kitchen, lounge and outdoor terrace, creating an ideal environment for spending time with family and entertaining friends. The custom-built kitchen is a particular highlight of the property. Bespoke cabinetry is complemented by a premium countertop and a top-of-the-line Lacanche range cooker, bringing professional-quality cooking equipment and distinctive design into the home. Rather than functioning as a separate utility space, the kitchen forms an integral part of the living area, making it a natural gathering point for everyday meals and social occasions. Large glass openings lead directly onto the main terrace, where the apartment's elevated position reveals impressive views across the Mediterranean coastline and towards La Concha mountain. The outdoor space has been thoughtfully arranged with comfortable lounge seating, a dining area and a barbecue, creating an extension of the interior that can be enjoyed throughout much of the year. Whether hosting an evening dinner or relaxing outdoors, the terrace offers both privacy and an exceptional outlook. The principal bedroom provides a peaceful retreat with its own en-suite bathroom and direct access to a private south-facing terrace. This separate outdoor area is particularly appealing for enjoying the morning light or relaxing away from the main living spaces. Two additional bedrooms provide comfortable accommodation for family and guests, with one benefiting from direct access to the main terrace. Both bathrooms have been renovated with contemporary finishes and feature underfloor heating, adding an important element of comfort during the cooler months. Together with the quality of the kitchen and the carefully coordinated interiors, these details reflect the attention given to creating a home that is practical as well as visually appealing. Coto Real 1 is an established gated residential development known for its mature gardens, peaceful atmosphere and elevated position on the Golden Mile. The community offers 24-hour security, several swimming pools surrounded by landscaped greenery and a fully equipped gym. Its established low-rise architecture and well-maintained communal spaces provide an attractive environment for residents seeking privacy without sacrificing access to nearby amenities.
